

## MINES AND MINING.

Mammoth the Chief Attraction at the Stock Exchange.

QUEST MADE AS TO FEE BILL.

The Exchange Will No Doubt Enter a Printed-Mining Sales from Exchanges.

The chief interest of today's mining was centered in Mammoth, 400 miners changing hands at estimated figures—\$10 at \$2.10 and so on. The stock was advanced at the former figure, and had been offered off at this price, it would have been gathered up with a rather remittance of a strong sign of a lead at Peacock's second position.

East Golden Gate started to the business of the day and 100 shares were advanced at 50 cents, while Dry West could have received taken at \$100, but it was not offered at this price, the holder of it demanding \$20.25. Major was quite active in the morning, although no transfers were made, and most of the stock could have been disposed of at \$7.50 and it was offered at that figure. Owyhee was to demand \$10.

The latest stocks fared better in the variety of selection for some time past. Dalton was in the lead, with Little Pinecone and Natural Gas a draw for second place. Morgan Park City also example for recent time.

At the close of the day the only one of the brokers participated the query whether or not anything had been done by the exchange as an organization in protesting against the interpretation of the new mining laws. The Legislature, "not noticing the laws," said no, "it should be asked immediately." This remark covers the requirements of a number of the miners, the Legislature will not do, and the Mining Exchange will not do, either.

The closing figures were as follows:

LITTLING STOCKS

Stock	Price	Price	Price
Dalton	100	100	100
Little Pinecone	100	100	100
Natural Gas	100	100	100
Major	100	100	100
Weston	100	100	100
